APRIL 2025

## APRIL 2025 RRRC

### Meeting Minutes

The monthly meeting of the Rock River Radio Club was held on APRIL 1, 2025 using Zoom meetings by President Peter Frey, AD9DO. The meeting was called to order at 7:04 pm CST.

**SECRETARY REPORT** Ray Teschke, KD9QLE,  
Secretary presented the minutes of the MARCH meeting as published in the March Newsletter.

Motion to approve by: Dave DePover, K9MKP

Second by: Dennis Weigel, KC9ICA

Motion Carried

**TREASURER REPORT** Dave DePover K9MKP

Motion to approve by: Ray Teschke, KD9QLE

Second by: Dennis Weigel, KC9ICA

Motion Carried

### COMMITTEE REPORTS

**ARES/REPEATER:** Dale Marks, WB9ADB

There was much damage in the North to ARES repeater system due to ice storms.

April 10th will be tornado testing.

A weather presentation is coming soon.

**TRAILER:** Len Buchda, KB9GDY and Dale Marks, WB9ADB.

Roof still has water leaks. LP tanks have all been refilled.

**REPEATER:** Dale Marks, WB9ADB

Nothing new to report.

**FIELD DAY:** Dale Marks, WB9ADB

All sites have been reserved.

### OLD BUSINESS

Brad, KA9JDE, purchased both 20m and 40m bandpass filters from Morgan Manufacturing for the club to use. Also Len Buchda, KB9GDY, got a 20m bandpass filter at the Jefferson Hamfest (for free).

### NEW BUSINESS

June Field Day June 27-29 is coming up soon.

Antique Power Show is August 1-3, club will setup trailer/station. Peter Frey will create a sign up sheet. Dave DePover will see about getting arm bands. Ray Teschke will bring out his projection system.

Insurance request to pay for insurance in the amount of \$410.

Motion to approve by: Ray Teschke, KD9QLE

Second by: Cameron Frey, KD9VGV

Motion Carried

### MOTION TO ADJOURNED

President Peter Frey, AD9DO heard no further business and requested the meeting be adjourned.

Motion to adjourn by:

Second by:

Motion Carried

### MEETING ADJOURNED AT 7:25 pm

Respectfully Submitted

Raymond Teschke, KD9QLE

Secretary, Rock River Radio Club

**Webmaster** Lucky Lasanske 920-216-4268

A big Thank You to RRRC Member Christopher Solon (W9PAW) for putting on our April meeting's presentation on "How to Ramp Up Club Member Participation!". Chris recently attended a forum on this topic at HamCation 2025 in Orlando. Awesome job Chris!

### SUPPORT YOUR LOCAL RADIO CLUB!

#### What does that mean?

- Come to club meetings and activities
- Pay your \$20/yr membership fee (\$25/yr for a family). See last page to join / renew for 2025
- Participating in club nets

**Friendly Reminder: It is time to pay your 2025 dues. Only \$20 for an individual or \$25 for a family. The form is on the last page of the newsletter.**

The monthly RRRC breakfast get-together will be on Saturday, May 10<sup>th</sup> at the Village Garden Restaurant in Juneau. All are welcome, so join us at around 8:00 AM for a pleasant informal gathering.

**THE NEXT MONTHLY MEETING OF THE RRRC WILL BE HELD IN-PERSON ON TUESDAY, MAY 6TH AT 7:00 PM AT MIKE DEJAGER'S PLACE, 111 N. HIGH STREET IN RANDOLPH.**

If you are unable to join us in-person (we would love to see your smiling faces), a link to join via Zoom Meetings will be emailed out to you the day of the meeting.

---

Ray Teschke, KD9QLE, Horicon (via Zoom)

### WE NEED YOUR HELP!

We are looking for an additional Net Control Station to take one slot a month for our RRRC Thursday Night 70cm Net. We will help you become an AWESOME net control!

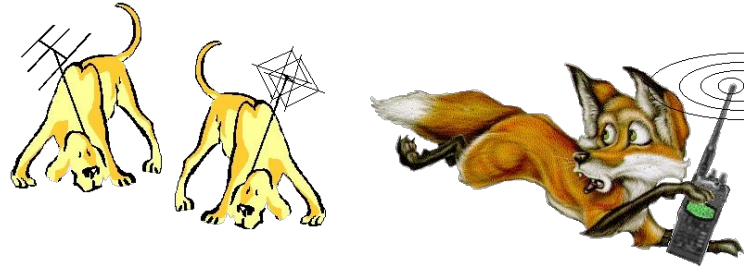

Contact Peter AD9DO at

[alphadelta9deltaoscar@gmail.com](mailto:alphadelta9deltaoscar@gmail.com)

# Letter from the President – April Edition!

By Peter Frey AD9DO

The Rock River Radio Club (RRRC) is gearing up for an exciting event in May - the annual fox hunt on Saturday, May 24<sup>th</sup>. Time and location to be determined. This event is a favorite among club members, as it combines the thrill of a scavenger hunt with the technical challenge of locating hidden transmitters using radio equipment. Participants will

gather at a designated starting point and use their skills to track down the "fox" hidden throughout the area. It's a fantastic opportunity for both seasoned operators and newcomers to test their abilities and enjoy a day of camaraderie and fun.

In addition to the fox hunt, the RRRC is putting out a call for additional net operators for the Thursday evening 70cm net. This net is a vital part of the club's activities, providing a platform for members to check in, share updates, and discuss various topics related to amateur radio. The club is looking for volunteers who can commit to operating the nets on a once a month basis, ensuring that this important communication channel remains active and engaging for all members. If you're interested in becoming a net operator, please reach out to me for more information. Its quite simple and will expand your communication prowess.

Lastly, the RRRC is emphasizing the importance of keeping the repeaters active. Repeaters are essential for extending the range of radio communications, allowing members to stay connected even when they are far apart. The club relies on the dedication of its members to maintain and operate these repeaters, ensuring that they are always in good working condition. By volunteering your time and expertise, you can help keep the RRRC's repeaters running smoothly and support the club's mission of promoting amateur radio and fostering a strong community of operators.

The Rock River Radio Club is truly a remarkable organization, thanks to its dedicated and passionate members. Their commitment to promoting amateur radio, organizing engaging events, and maintaining essential communication infrastructure is commendable. The camaraderie and support within the club creates a welcoming environment for both new and experienced operators. It's clear that the RRRC's success is driven by the collective efforts of its members, who continually strive to enhance the club's activities and foster a strong sense of community. The Rock River Radio Club is a shining example of what can be achieved when individuals come together with a shared passion and purpose.

Thanks and hope to hear you on the air.

All the best,

Peter AD9DO

# 2025 NWS Storm Spotter Training Presentation

Forwarded by Dale WB9ADB

**NATIONAL WEATHER SERVICE  
MILWAUKEE/SULLIVAN**

**JOIN US FOR FREE, IN-PERSON  
STORM SPOTTER  
TRAINING**

Mark your calendar! The Milwaukee National Weather Service will be offering Storm Spotter Training at the Dodge County Administrative Building (in the auditorium on the 1<sup>st</sup> floor) on Monday April 21 from 6:30-8:30.

Pre-registration is not necessary to attend these sessions, just show up! Some additional online training sessions may be offered later in the season.

The training sessions will be about 2 hours long each. We will cover safety aspects for spotters/general public along with the essentials of what you need to know to report severe weather to the NWS. Each session will cover the same information, so you only need to attend one. For those that cannot attend any of the live training sessions, we will also record the training and share that in mid May.

For more information about Dodge County Amateur Radio Emergency Service (ARES), contact our Emergency Coordinator, Dale Marks WB9ADB.

---

## WISCONSIN TORNADES

There have been 1537 documented tornadoes in Wisconsin since 1844, causing 511 directly related deaths and at least 3056 directly related injuries. Data prior to 1950 is incomplete because in many cases, only large tornadoes were reported, and many rural tornadoes went unreported.

**Wisconsin Tornado Occurrence by Month**

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Total
<b>1844-2014</b>	3	0	18	117	239	449	333	206	126	31	9	6	1537

# Lunch With A Ham Radio Legend: Ned AA7A

By Brad KA9JDE

While I was out in Arizona the last couple of weeks, I had an unexpected treat. Brian, W7JET, my Summits On The Air “Elmer”, invited his good friend Ned, AA7A, to join us for lunch while we were up in Show Low. Ned is a retired Electrical Engineer. AA7A is not a vanity call. It’s his FCC issued Extra class call sign.

Ned is quite the ham radio legend. Here are some of his highlights:

- He has 270 countries confirmed on 160 meters!
- He has earned his DXCC (confirmation of 100 countries worked) on every band from 2 meters to 160 meters! “On 2 meters?” you ask. Yes sir! Using EME (bouncing his 2 meter signal off the surface of the moon) to work other hams.
- He has contacted over 1,250 stations in 160 countries on EME using a homebrew antenna system, preamp, and power amplifier. He has also operated EME while portable in West Africa using the calls TZ6NS and 3X5A and in the Bahamas as C6ANS in 2015 and 6Y5AZ in 2016.
- He has been on 30+ DXpeditions including South Sandwich Island (VP8STI) and South Georgia Island (VP8SGI).
- He is top of the Honor Roll Mixed and Phone with 357 countries confirmed.
- He is closing in on the 3,000 level on the DXCC Challenge Award
- Ned is also the ARRL Southwestern Division Vice Director.

One last accomplishment. Ned AA7A (and Brian W7JET) are both part of the Milt Jensen Memorial Station which is located in Safford, Arizona. The station is used by NA7TB, AA7A, KY7M, NA2U, N7NR, K9DR and W7JET for contests and DXing. This is one MEGA remote station which has the following antennas:

- 8-Circle of full-sized 160m quarter wave verticals over an extensive radial field plus 8 bi-directional Beverage receive antennas. This is probably the largest 160 meter array in North America
- Full-sized 80m 4-Square antenna which is extremely effective across the entire 75/80m band and also loads perfectly on 60m
- Dual band 30/40m 4-Square
- M2 KT36XA triband Yagi (10, 15, 20 meters) @66'
- Cushcraft 40-2CD 40m Yagi @80'
- InnoVAntennas 8 el OP-DES 6m Yagi @73'
- Force 12 Dual Band 12/17m Yagi @35'
- JK MidTri tri-band Yagi (10, 15, 20 meters) @25'

Phone: 414-455-6374  
**Email:** [toddw9grb@gmail.com](mailto:toddw9grb@gmail.com)

### WHAT IS A HAMFEST?

A "hamfest" is a gathering, often a weekend event, for amateur radio operators (or "hams") to socialize, buy, sell, and trade amateur radio equipment, participate in forums and seminars, and potentially take amateur radio license exams.

Here's a more detailed breakdown:

**Social Event:**

Hamfests are primarily social events where hams can connect with each other and share their passion for amateur radio.

**Flea Market:**

A significant part of a hamfest is a flea market where attendees can buy, sell, and trade a wide variety of amateur radio equipment, from vintage to modern, and related accessories.

**Seminars and Forums:**

Many hamfests feature seminars and forums covering various aspects of amateur radio, including technical, operational, and legal topics.

**License Exams:**

Some hamfests also host volunteer examiner teams (VEs) who administer amateur radio license exams.

**Commercial Exhibits:**

Some hamfests include commercial exhibits where manufacturers and vendors showcase and sell their amateur radio equipment.

**Amateur Radio Clubs:**

Hamfests can also serve as a venue for meetings of amateur radio clubs.

54<sup>th</sup> Annual

# Madison Hamfest

Grand Prize  
ICOM IC-2730A  
Dual Band VHF/UHF  
Must be Present to Win

Sponsored by MARA, the Madison Area Repeater Association

# WHY JOIN THE ROCK RIVER RADIO CLUB???

*(you don't need to have a ham radio license to join)*

- ☐ CHALLENGE YOURSELF TO LEARN SOMETHING NEW!
- ☐ LEARN ABOUT HI-TECH LOCAL AND WORLDWIDE COMMUNICATIONS.
- ☐ WHEN THERE IS NO ELECTRICITY, CELL PHONE SERVICE OR INTERNET, HAM RADIOS ARE LIKELY TO STILL WORK.
- ☐ LEARN HOW TO HELP WITH SEVERE WEATHER SPOTTING.
- ☐ WE ARE EXPERIMENTERS!
- ☐ JOIN IN ON FUN ACTIVITIES!
- ☐ THIS IS NOT YOUR GRANDPA'S HAM RADIO HOBBY!
- ☐ MORSE CODE IS NO LONGER A LICENSING REQUIREMENT.

How do I join the RRRC?

Our Individual Regular membership is only \$20/year.  
See application on last page of this newsletter

**Annual Membership Dues**  
**Rock River Radio Club of Wisconsin**  
**PO Box 26, Juneau WI 53039-0026**
